MAIN SEASON: 24 Weeks (June through Thanksgiving). From salad staples to ratatouille and grilling veggies, a wide variety of produce! Pick your own Flowers, cherry tomatoes, and more!

FULL SEASON: 40 Weeks (June through February. December through February pick-ups are bi-weekly 31 pickups total.) The full season ensure you have vegetables all year!

WINTER SEASON: 7 pick-ups. First week of December through February. (Winter has loads of delicious winter salad greens, squashes, onions, carrots, dry beans, apples, and more!)

Small = 6 items; **Medium** = 10 items; **Large** = 15 items (during winter season item amounts are small 10 items; medium 20 items; large 30 items)

OUR CSA IS FREE-CHOICE. What does that mean? You get to *CHOOSE* your vegetables each week at your pick-up location! Most CSAs give the same vegetable share to all their members, but we want you to be able to get exactly what you want each week. Eat with the seasons and join our CSA!

We also allow you to miss weeks and still use those items! If you go away, you can make it up! How sweet is that?!?! We want you to get your money's worth and be able to have all the produce you signed up for!

WHAT DO WE GROW? All our produce grown on the farm is Certified Organic. Some farm staples include; lettuce, cooking greens such as kale and swiss chard, onions, potatoes, cucumbers, strawberries, tomatoes, leeks, garlic, potatoes, sweet peppers, eggplant, carrots, beets, parsnips, spinach, arugula, scallions, radishes, winter squashes, Brussels sprouts, cabbage, broccoli, and more! On the farm we have Pick Your Own Crops! We take pride in our tasty strawberry crop each season, which only CSA members have U-Pick access too! We also have extensive annual flowers, basil, parsley, cherry tomatoes, and sunflowers! The pick your own items are sometimes considered an "item", but a lot of the time are free items! Flowers are always a free item!

2020 will be our 14th year of growing! We LOVE to feed you and hope you will join us!
